VOL LVIII: NO. 45. REDWOOD CITY, CALIFORNIA, SATURDAY, FEBRUARY 9, 1918. ESTABLISHED 1859.

GEORGE W. HOLDEN IS SUDDENLY CALLED BY GRIM REAPER

Suddenly, and almost without warning, death claimed another of the pioneer residents of San Mateo county Wednesday evening. George W. Holden, a well-known and highly respected resident of Redwood City, while returning to his home in company with a friend, fell to the sidewalk and before medical aid could be summoned passed from life. While the deceased had not been in good health for some time, there had been nothing in his condition to cause alarm to his family or friends, to whom his sudden death came as a distinct shock.

As had frequently been his custom, he had spent the evening with friends and shortly before 10 o'clock had started for his home on Stambaugh street. Within a short distance of the family residence, he was suddenly seized with a dizziness and fell to the walk. Although a physician was summoned without delay, medical aid proved of no avail, as before Dr. Chapin, who was called, reached the stricken man, he had passed beyond human help. Apparently death was immediate and painless.

George Wolcott Holden was a native of Boston, Massachusetts, and a few months past 58 years of age. Practically his entire life was spent in Redwood City, he having come here with his parents when a lad of about 14 years of age. While still almost a youth he entered the employ of P. P. Chamberlain as an assistant in his mercantile business and remained with the same firm for something more than 40 years, or until the establishment ceased business. Since that time he has retired from business life, the condition of his health forbidding active occupation. That he was ever faithful to his duties is evidenced by the fact that among his staunchest of many friends was always his former employer.

Always of a retiring disposition, of late years especially, he mingled but little in society, preferring to spend his time at home with his family of in the company of the intimate acquaintances made in the days of his early life.

Deceased is survived by his widow, Mrs. Mary Ellen Holden, to whom he was married in this city, and three daughters, Alice, Emma and Lucille, all of whom reside at the family home. He also leaves a sister, Mrs. Emma J. Reeve of San Francisco.

In 1884 Mr Holden became a member of Redwood City Lodge No. 168, F. & A. M., and has retained his membership in that organization from that time. While of late years he has not taken an active part in the business of the lodge, he has always maintained a strong interest in the organization and it was among its older members that he numbered his staunchest friends.

Funeral services were held yesterday afternoon from the family residence, 328 Stambaugh street, the remains being laid to rest in Union Cemetery with full Masonic ceremonies. That the bereaved family have the sympathy of the community in their loss was attested by the large attendance of friends and the many beautiful floral offerings.

H. L. WILLIAMS PURCHASES BUSINESS FROM HIS FATHER

H. L. Williams has purchased the Capital Market on Broadway from his father, H. L. Williams, Sr., and took possession of the business on Thursday morning. Young Williams has been his father's trusted assistant for the past two years and is familiar with the trade of the shop. The new proprietor will make no change in the personnel of the market for the present. He has leased a 2,000 acre ranch in the San Joaquin valley on which he will raise cattle for the market here. He intends to erect a slaughtering plant near town where all his cattle from the big ranch will be killed. Young Williams is a wide-awake business man, progressive and enterprising and will infuse new ideas into the business. Mr. Williams, Sr., is at Paso Robles suffering from an attack of rheumatism. On his recovery he will give all his attention to his large cattle business. He has over 2000 head of stock scattered throughout the state and Nevada. He intends to get the herd on to one large ranch. Mr. Williams has been connected with the Capital Market for the past three years.

Mrs. J. Kearse during the past three months has knitted over 30 pair of socks, a number of sweaters, wristlets and mufflers for the soldiers. Some weeks ago she sent several pairs of socks to Camp Funston enclosing her card with each package. Last Monday she received the following letter from the camp:

Camp Funston, Kansas.
January 30, 1918.

Dear Mrs. Kearse—

Some socks knitted by you were received by us last night and the boys asked me to write and thank you for them, and I assure you it is a pleasure to do so.

It is certainly grand, the way the women of America are doing their bit. Some by knitting, some as nurses and some as Y. M. C. A. workers. While the girls, God bless 'em, help by writing letters. A letter seems to cheer a fellow up more than a good meal. Why it is I don't know. I'm writing to eight girls I never met but enjoy their letters just as much.

It irsett wpydleohenrocogahLz o

It is pretty cold here now but we have wooden barracks, steam heat, and hot shower baths, so we don't suffer much. Of course we get cold sometimes when the heat stops. The only thing I ask is either Peace, or send us across now or very soon and let us get busy.

I don't really want to go but it seems to me that we must, and the sooner the better. It will be no harder if as hard, on us, than it is for the women, who can only wait and not know for weeks where or how their husbands, brothers, sons and friends are.

Thanking you again, I remain,
Yours respectfully,
SERG'T. AVERY W. ABERNATHY

Coffee and cake will be served free of charge every evening. Many things are needed to make this a home center for the boys and the young people ask the co-operation of the citizens of the town. CHAIRMAN JOS. H. NASH REPORTS GROWTH OF WAR-SAVINGS

Jos. H. Nash, chairman of the Redwood City War-Savings Committee, states that the sale of War Savings Certificates and Thrift Stamps has shown a steady growth the last week. Nash in an interview today stated.

"War-Savings Certificates are not alone an investment for men and women of small means, but they are intended as an investment for the small savings of everyone, rich and poor alike. They represent a personal transaction between the investor and his government, the beginning of a relationship which should lead to higher patriotism and a willingness to make any sacrifice for the common cause in which the people of our Nation are engaged.

"Why shouldn't everybody be a member of a War-Savings Society? We are all in the same boat in this war. Unless we win it, we all go down together. The one way in which we all can render the most effective war service is by cutting down our needless spending and lending the money to the Government, which needs it more than we do."

BOOSTERS CLUB TO STAGE A FULL-FLEDGED CIRCUS

The Boosters Club of Sequoia Union High School will "do its bit" or as Harry Lauder puts it "its all" Monday night next when it will present a gigantic spectacle—a full-fledged circus animals and everything.

This screeching, screaming, shoveling, (shoveling because the coal shovel has been tagged but will be seen in action that night) schoolastic scurry will be held in the Sequoia's Gymnasium and will be the only entertainment given by the school this semister. The student body has decided to Hooverize on all shows this Semister and in accordance have taken the high out of hijinks by lowering the price of admission to ten brownies or two jits (10c).

Every known or unknown star or animal will "posetively" (some regular show stuff, they always sap positively and as this is a regular show therefore the use) appeared and they are all wonderfully trained—both the astral and animal performers will guarantee to pull off enough jazzy stuff to take the jazz out of jazzism.

In addition to having a thrilling ring performance the Boosters have captured the wonderful 13th Infantry band for the evening. They will play eight pieces.

The Sequoia Varsity lost to the Los Gatos high basketball team by a little piece of tough luck the score being 21 to 36. This defeat nearly knocked the pennant hopes out of the Giants, but they are now putting in every effort to put themselves back on—I was going to say may but I can't because they are on there to stay—the top of the list. Next week the locals journey to South San Francisco for their final fray and it expected that the northern boys will bend low and be given a taste of defeat by the Giants. San Jose and Sequoia tangled last night but the game was too late for this issue.

On Tuesday on the courthouse steps the property of the late John Colon Stafford consisting of a house and lot on Phelps was sold at auction to A. McFarlane of this city for $1000. The sale is subject to confirmation by the superior court.

MRS. COXEN OF MENLO PARK WANTS LEASE CANCELLED

Phillips and others to secure possession of two stores in the Coxen block at Menlo Park. Mrs. Coxen leased the property to Mrs. Phillips for a monthly rent of $50. The latter has leased a portion of the property for $60 a month and conducts a restaurant in the other store. The complaint alleges that she is delinquent in her rent to the amount of $50. Mrs. Coxen seeks possession of the property and asks that the lease be cancelled. By the terms of the lease Mrs. Phillips was to pay the rent in advance each month.

Shine of Oakland is the attorney for Mr. and Mrs. Hallett.

TRUSTEE TUCHSEN DECLINES RE-ELECTION TO REDWOOD CITY COUNCIL

There will be two vacancies on the town board to be filled at the city election to be held next April. The terms of H. C. Tuchsen and Mayor Sampson will expire at that time. It is not known whether Mr. Sampson will again be a candidate for the office he has so creditably filled for many years. Mr. Tuchsen has announced that he will not be a candidate for re-election. He feels that he has done his duty to the people in completing one term on the board. He has given his undivided attention to the duties of trustee no work was too arduous for him and no hour was too late to perform the duties imposed on him by the position. Before becoming a trustee Mr. Tuchsen served on almost every committee having for its object the betterment of the people of Redwood City and San Mateo county. Mr. Tuchsen is a progressive citizen one who always leads in all matters pertaining to the welfare of this city. He has made a splendid trustee and many regrets are expressed by all at his determination to retire. He has been urged to become a candidate for re-election but he has positively declined. Mr. Tuchsen will devote his time to his private interests. He carries with him to his retirement the best wishes of the people of Redwood City.

Petitions Court for Letters

Edward B. Hillebrand has petitioned the Superior Court for letters of administration upon his father's estate, the late Henry Hillebrand. The surviving widow waives her right in favor of her son. The estate consists of real estate valued at about $10,000. Jas. T. O'Keefe is the attorney for the petitioner.

TWO TRUSTEES ABSENT; ROUTINE BUSINESS TRANSACTED

Because of the inability of Trustees Merrill and Tuchsen to attend the regular session of the city council Monday evening, the meeting was an unusually short and uninteresting one. All business of importance was put over and only a few matters of minor routine business were given consideration.

Three applications for motor bus permits which has been laid over from the last meeting were granted without objection.

The Fremont Liberty Club was granted a permit for an all night dance at Foresters Hall on Saturday evening of this week. A permit to hold a dance on the evening of February 21st was also granted to the Wednesday Evening Social Club.

The ordinance dividing the city into election precincts for the coming municipal election was given its final reading and adopted.

On the moton of Trustee Mabie the consideration of the improvement of Vera avenue which was to have been disposed of at this meeting, was laid over until the next meeting in order that Trustee Tuchsen might report as to the prospects of reasonable bids for the work.

Superintendent of Streets Dearborn reported that the bridge on Sequoia street was in a dangerous condition and recommended the construction of a new bridge, expressing the opinion that the present structure was not worth the cost of repairing. Action on the report was deferred until the next meeting, pending a report from the street committee as to the advisability of the expenditure, which was estimated at $200.

Street Superintendent Dearborn was given authority to have the city water wagons painted and put in repair for use during the coming summer.

WIN THE WAR FIRST.

No one doubts the necessity of a new county hospital—it is needed—but this it no time to agitate the question. The country has a large problem to grapple with. No attention should be paid to the new hospital agitation until the war is over. The inmates of the institution have endured slight inconviences for over a quarter of a century and they can bear them for a year or two longer. No move should be made by the supervisors toward the erection of a new building until the war has been won by this country. Win the war should be the only thought in every patriotic mind at present. Every dollar, every energy and all the strength of the nation should be used to defeat autocracy and make democracy safe for the world. When we have made freedom safe it will be time enough to give our attention to the proposed new hospital.

"AS YE SOW—"

A proposition to appropriate $50,000,000 for the purchase of seed grain and feed for live stock is contained in a measure presented to the House by Congressman John M. Baer of North Dokota. It is understood that many farmers of the West will be unable to cultivate their farms and maintain their live stock during the year 1918 unless they have outside aid from some source. Mr. Baer states that last year there was great loss suffered by the farmers of North Dakota, South Dakota, Montana, Nebraska, Kansas and Texas. For those States he specifies in his bill that amounts varying from $3,000,000 to $6,000,000 shall be alloted, and the remainder of the appropriation shall go to other States as the Secretary of Agriculture may deem necessary. It is not intended to give the seed and feed to the farmers, but to sell it to them, taking in exchange a promissory note payable one year from date, and bearing interest at 4 per cent per annum. In that way the farmers will be able to finance their operations for next season, but without putting the Government to any expense except that of adminsitration.

GROWTH OF THE FEDERAL RESERVE SYSTEM

Seventy-five State banks or trust companies were admitted to the Federal Reserve System in September with aggregate capital of $28,918,000 surplus of $32,050,000, and resources of $448,728,000. This brings the number of State institutions, that is, banking institutions other than national banks, now members of the Federal Reserve System up to 250 with total resources of $5,000,000,000.

WAR SAVINGS

Thrift Stamps and War Savings Stamps are the most democratic of investments and America expects every American to show love of republican institutions by investing in this democratic security. The aggregate amount of the investments and the number of investors in these War Savings securities are in a way the answer of the people of this great Democracy to the call of the cause of democracy throughout the world and the vindication of civilization and humanity.

They afford every person, however humble and however small his means the opportunity to contribute his part to do his bit, in this great struggle against the military masters of Germany who seek to dominate the world in contempt, of justice and right and without mercy.

Surely every American desires to have a part in the defeat of autocracy and the success of liberty and right.

GARRET W. McENERNEY, Attorney for Executors, 2002 Hobart Building, 582 Market Street, San Francisco, California.

REPORT OF SESSION OF SUPERVISORS

The board of supervisors met in regular session Monday, February 4, at 10 a. m., there being present Dr. C. V. Thompson presiding, T. L. Hickey, W. H. Brown, John MacBain and Jos. M. Francis.

Attorney J. J. Bullock of Redwood City appeared before the board and presented a petition signed by John J. Joesteh and other taxpayers of Millbrae, asking for the closing of certain unused streets in Millbrae Villa tract located on the marsh lands west of the Southern Pacific railroad tracks.

A resolution setting Monday, February 18, as the time for hearing the petition was adopted on motion of MacBain, seconded by Francis.

A communication from a special committee of the grand jury, composed of Josie H. Reardon and others was received and read, earnestly requesting that the board proceed with the least possible delay toward the acquiring of a suitable piece of property close to the State highway, for a modern hospital and infirmary site.

Supervisor MacBain stated that he was in favor of the proposition and that all the members of the board realized the necessity of building a new hospital and infirmary, but owing to the request of the Government to spend as little money as possibel during the existence of the war, he believed that for the present the county should confine its efforts to the building of an inexpensive cottage for the women patients and for the nurses at the hospital.

Supervisor Brown said there was no question about the demand of the grand jury being right. The raising of the required amount of money to build a new county hospital is a serious problem however he said and it would have to be raised by direct taxation.

Supervisor MacBain said he believed every member of the board was strongly in favor of the construction of the hospital but he thought it best for the county to confine itself for the present to the purchase of the site first and then construct the building later.

Mrs. Josie Reardon one member of the committee from the grand jury in the matter addressed the board and strongly urged that proceedings be started at once to secure the new infirmary and hospital.

After further discussion the board decided on motion of Brown, seconded by Hickey, to investigate the matter further, with a view of determining the best plans to be used to bring about the construction of the new hospital and report back at the meeting next Monday.

District Attorney Swart addressed the board relative to securing a detention home for boys arrested in the county under 16 years of age and also for immoral women. He explained that the law forbids the putting of boys under the above age in jail. He asked that a committee be appointed to look into the feasibility of utilizing the old jail in Redwood City for a detention home.

The board decided to take this matter up in conjunction with the county hospital proposition at the next meeting.

Attorney James T. O'Keefe of Redwood City in behalf of a large number of small business concerns in Menlo Park, which are operating in the vicinity of Camp Fremont, read a protest against county ordinance No. 295, which makes it compulsory for all persons engaged in the sale of soft drinks, refreshments, tobaccos and the like, within five miles of any military camp in the county, to pay a license in addition to the regular county tax. Attorney O'Keefe argued that such an ordinance was unconstitutional and could not be enforced. He further stated that he had taken

Baptist Church

The forum meeting Baptist church will be addressed by Prof. John W. Johnson of Berkeley next Sunday evening. His subject will be "Jesus the Soldier". Johnson is a very able man and a pleasing talker, well able to sustain the high standard attained by the forum. The public is invited.

One of the most illuminating and interesting liscussions of the temperance cause heard in Redwood City for a long time was given Sunday evening at the Baptist church in the series of forum meetings. The lecturer was Franklin Hichborn of the Anti-Saloon League. Preceding the address a stirring temperance song was sung by the audience very heartily, "Take Away the Stars and Stripes From the Saloon". It suggested to the speaker the idea of "stainers of the flag" Who are they? Unworthy citizens and politicians—any one who tries to corrupt manhood or the nation especially in times of war like the present.

The speaker then referred to the gigantic business being done by the War Department. All the business that has been done by the biggest firm in New York City for three hundred years does not equal in magnitude that which the War Department of our government has done in the last nine months. But the saloon has hindered and is hindering the prosecution of this important work. The distillery is closed, but the brewery is still open. It consumes 68,000,000 bushels of grain a year. While most of this grain would not be used on our tables, it would go into the production of meat. For live stock must be fed. With barley at $60 a ton, it stands us in hand to save it from waste of the brewery. Then, also,, when the brewery runs men must be taken from other useful employments for work in them, while coal and electric power must be consumed. A coal firm in Pennsylvania was under contract to furnish coal to the Baldwin Locomotive Works. With this winter's shortage of coal, the firm found it coud not furnish the two; the brewery or the Baldwin Works must be dropped. But the brewery demanded the strict carrying out of the contract, and the coal company had to drop the Baldwin Works; beer must be made.

A better day is dawning for the nation. For thirty years the temperance forces have been working for natinoal prohibition—for an opportunity for the people to vote on the matter. Last month that privilege was granted by congress. Thirty-six states by their legislatures voting for the amendment, may ratify it. Twenty-seven are already dry and will ratify as soon as their legislature convenes. Nine of the wets must be had. One of the nine, Kentucky, has already ratified. The speaker predicted that by the summer of 1920 we will be enjoying national prohibition. California will very surely be one of the wet states to ratify. For we need only 8 more dry assemblymen and 2 more senators in our legislature to have a majority for ratification. To secure these a vigorous campaign is about to be inaugurated. A great temperance convention is to be held in Fresno this week.

TABLOIDS OF THE NEW INCOME TAX

The Income Tax Laws as They Affect Individuals. Clearly Explained

Every resident, citizen or alien, man or woman, is subject to the income tax law.

To Whom it Does Apply

To every single person whose NET income is $1,000 or over during the year 1917 who is not the head of a family.

To every head of a family whose net income during the same period is $2,000 or over.

What specific exemptions are allowed under the act as free from liability to tax and what is the head of a family?

The specific exemptions allowed: are:

$1,000 in the case of a single person who is not the head of a family and

$2,000 in the case of a married person living with husband or wife, or in the case of a single person who is the head of a family, with $200 allowance for each dependent child under 18 years of age.

The department has defined the head of a family as follows:

"A person who actuallly supports and maintains one or more individuals who are closely connected with him as blood relationship, relationship by marriage or relationship by adoption and whose right to exercise family control and provide for these individuals is based upon some moral or legal obligation."

Liability of the Taxpayer

He has two liabilities. He is liable to file a return which must be done before March 1, 1918, and he is liable to tax.

A single person with a net income of exactly $1000 or a married person with a net income of $2,000 must file a return, though each would NOT be liable to the tax.

Failure to file a return carries with it a fine of from $20 to $1000.

Making a false return carries with it a fine of $2,000 or imprisonment of one year and an increase of double the tax.

Agent or Guardian May File.

When by reason of insanity, minority, ABSENCE, sickness or either disability, one cannot make one's own return, one's guardan or some one who knows all the particulars and can comply with the law, can do it for him and be liable to the same penalties as the principal.

The Husband and Wife.

The husband and wife may file a separate returns, if they chose to, but the law provides that only one exemption of $2,000; (as exemption) can be made from the total net income of both the husband and wife; when living together, and the additional of $200 taken by one of the parents. They may divide the exemptions, if they choose to, in making their separate returns.

Here are some of the things that the individual has to find out and set down on paper to get at his total earnings or gross income for the year 1917. Where the word man is used it means also a woman.

Under the head gross income the head of the house must not forget to set down all moneys earned by his wife and also all the dependent ones on him. Fruit picking for example.

In getting the figures to be set down on the tax paper first set down on another piece of paper all the money that comes in as income. Don't make any deductions. Set out the deductions in another column. Subtract the totals of the two columns. Then deduct the exemptions allowed. What remains is the net income liable to the tax.

Working Man.

His salary or wages that he received for the year. If he did not get January, 1918, he did not receive it in 1917, and it does not go down. on the other hand, if he received his December 1916 wages in January 1917, they have to go down in his income for 1917.

Professional Men.

The actual total amount received during the year, not the amount charged on his books in 1917, but paid to him during the year for 1917 services or any years before 1917.

Business Man

His gross earnings as shown by his books of money received.

Retired Man

His total earnings or incomes from rents, interests, securities, mortgages, etc.

If a man receives so much a week or a month and board and lodging he must include the fair value of his board as part of his wages earned. If a clerk gets a bonus or additional compensation it must be included as a part of his wages. So commissions received by salesmen must be set down as income subject to tax as are commissions received on renewals of insurance premiums. So, too, the offerings made at Easter, or at funerals, baptisms, masses, to a clergyman are to be treated as income subject to the tax.

Trustees.

The amount received by the trustees of an estate for their services, if any, must be returned as income in the year that he receives it, even though it is for several year's work.

Rents and Profits.

All rent is income subject to tax for the amount RECEIVED during the year. Profits made during the year by sales or dealings in real or personal property must be returned as income when the transactions are completed.

Legacies.

Monye or property left to heirs by will or law is not income, but the earnings of that money or property is income and must be shown on the return.

Farmer's Produce.

The income is not until the products are sold. Thus. 1917 hay may not be sold until 1918 and so it will be 1918 income and not 1917 income.

Pensions.

All pensions, whether paid, by the U. S. A. or private persons are income and must be shown on the return.

Life Insurance

If a man has an endowment policy for $3,000 that is paid him in 1917, he will have to set down as income the difference between the amount he paid as premiums and the amount received—that difference being Profit

the matter up with the district attorney and the latter had practically agreed with him.

Rev. C. L. Duncan, pastor of the Presbyterian church at Menlo Park, appeared before the board and asked that he be given a permit to construct a hall on the church property.

The permit was granted on motion of MacBain seconded by Brown, with the understanding that the customary builder's fee be not required.

Douglas S. Watson, recently appointed food administrator for San Mateo county, appeared before the board and outlined a plan for carrying on the food campaign in the county and asked for the co-operation of the board

The members showed their desire to assist in the work by adopting unanimously the following resolution, on motion of Brown, seconded by Francis.

Whereas the rules and regulations of the United States Food Administration exempt counties from the restriction imposed upon the merchants and people of this county and

Whereas, it is the duty of all Americans to lend their hearty co-operation and support to their Government in the carrying out of the necessary war measures devised to bring victory to American arms.

Therefore, be it resolved that the Board of Supervisors of San Mateo county, do hereby waive all claims to exemptions under the Food Act of 1917; and do hereby direct that county purchases with the rules and regulations governing private persons.

N. Randall, representing the Ocean Shore Railway Company, addressed the board relative to the proposed legislation regulating the jitney busses in the county. Randall submitted figures showing how the gross earnings of his company had decreased the past several years, due, he claimed to the large number of jitneys being used in the passenger carrying business since the construction of the new highways on the coast side of the county. What his company asked, he stated, was that the jitneys be placed on an equal basis of competition with the railroad when it came to fixing the license.

J. S. Miguel of Miramar addressed the board and asked for the removal of certain fences across Venture street and Alameda avenue in the Miramar tract which were preventing him from getting access to his property.

On motion of Francis, seconded by MacBain, the clerk was directed to write Tom Quinlan at Miramar and instruct him to remove the obstructions.

County Horticultural Commissioner Newton A. Peck submitted his report for the month of January, showing that he had inspected 15,273 trees, plants and shrubs during that period.

The report of Miss Anne Bell Bailey, county librarian, was received, showing receipts for the month of January of $59.10 and expenditures of $312.92.

The following persons having complied with the county ordinance and furnished the necessary bond, were granted liquor licenses:

First township—John Rogers, Colma; Harry E. Rogers. Colma.

Second township—H. C. Caldwell, Belmont.

Third township—Cavalli Bros., La Honda; Alex. Bozagni, La Honda; John Beltramo, Menlo Park, class B.

Fourth township—G. Tomei, Princeton; Fred J. Nordhaltz, Half Moon Bay; Mrs. L. McDonald, Half Moon Bay; Maymie Cowley, El Granada, class C.

The following applications were given their first reading and will be acted upon a month hence:

First township—James Sauley, Salada Beach J. F. Meighan, Millbrae; George F. Delaney, Visitacion.

Fifth township— J. C. Amaral, Pescadero.

The application of Walter Green of Redwood City for a permit to operate a motor bus service between that place and Camp Fremont, was continued for two weeks.

An application from C. I. McKinney and Acy Boren of Redwood City for a permit to operate a jitney bus service between the latter place and Camp Fremont, was ordered referred to District Attorney Swart.

Mrs. N. A. Becker and Mrs. C. N. Walter, members of the County Social Service Commission, appeared before the board and asked that Miss Elizabeth B. Skeele, executive secretary of the commission be allowed an assistant in her office. The ladies explained to the board that the duties of Miss Skeele had increased to such an extent that she was being compelled to work late into the night in order to complete her labors.

The board continued the matter for two weeks with the understanding that by the end of that time the commission would report just what an assistant could be secured for.

On motion of MacBain seconded by Francis, the use of the old jail yard in Redwood City was granted R. M. Crail for keeping a couple of trained animals in.

Supervisor MacBain stated that he had received an offer from a Redwood person to purchase the old jail building for the material in it.

It was decided on motion of MacBain seconded by Hickey to offer the building for sale and the clerk was directed to advertise for bids with the understanding that the person purchasing the structure remove the material from the premises.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Redwood City as Seen Through Incidents Gathered Here and There

According to the rain gauge at the depot the rain fall for the recent storm was .75 of an inch, making a total of an inch and a half for the season. Over 12 inches had fallen at this time last year.

Albert Sahlberg has resigned his position with the Pacific Gas & Electric Company and after a vacation of a couple of weeks will go to work for a San Francisco manufacturing concern.

If you have Watch trouble see watch doctor, George Peterson, 214 Main street, Sequoia Hotel Building, Redwood City.

Judge Buck returned from San Francisco last evening where he was confined to St. Francis hospital for the past two weeks with a light illness. He will resume his duties on the bench next week.

The Alumni Association of the Academy of Notre Dame will meet at the convent Sunday afternoon at 2 o'clock. All former graduates of the institution are requested to attend this meeting.

The season of Lent begins Wednesday, which is Ash Wednesday. On that day there will be a service in the Episcopal church at 10 a. m. Each week during Lent there will be a service on Wednesday nights at 7:30 and there will be sermons by visiting clergymen on Sunday nights.

Professor and Mrs. Stanley Smith with their two little boys will soon move from Palo Alto to reside at the Smith home on Finger avenue. Professor Smith is connected with the Romanic Language department at Stanford University. Mr. Ben Smith will make his home with them.

Terpening and Fleming of Camp Fremont will give a dance in Foresters hall on the eve of St. Valentine's day, Thursday, February 14th. An orchestra of ten pieces from the camp will furnish music. The young men are popular with local dance goers and expect a large attendance on that evening.

Chief of Police White of San Francisco during the week promoted Captain James Gallagher to a lieutenancy in the police department. Mr. Gallagher has been connected with the department for many years and is well-known in Redwood City. His wife was formerly Miss Kate Nealon of this city.

James Logan, the efficient traffic officer for the third township, will leave today for the Red Cross hospital at San Mateo to undergo a delicate operation. He will be confined to the institution for a period of two weeks. Charles Steele of Pescadero will have charge of the district in Mr. Logan's absence.

Hereafter all local butchers and grocers will refuse to sell pork products on Tuesdays and Saturdays of each week. This edict is in accordance with government regulations which went into effect on last Wednesday. Those desiring pork, bacon, lard, etc., will have to order it on days other than Tuesday and Saturday.

The Wednesday Eve Socials will continue as before in their popularity and good times. The management of the floor will be looked after by Privates Lockert and Walker, who are very favorably known locally, under the supervision of Mrs. F. W. Thompson, who will take over her husband's place, he being called for the Naval Reserves. Mr. Lamb will still retain his interest in the club so that all may be assured of the usual pleasant evening.

M. E. Ryan, the electrician, has leased the lower floor of the Lipp building on Main street and will move his big stock of fixtures there on Monday. A number of carpenters have been at work all week remodelling the interior of the building and putting in new shelving. Mr. Ryan's business has so increased that it became necessary for him to seek larger quarters. He has a big supply of new electrical fixtures on the way that will be installed in the new store.

The recent death of John L. Sullivan the noted boxer, recalls the big contingent of his admirers who went up to San Francisco in 1884 to see him box Robinson, the Olympic Club instructor, who stood up or rather laid down for four rounds before the big bruiser. Of that delegation from Redwood City, who saw the fight, Judge James Hannon is the only one remaining to tell of the event, the others having long since passed over the great divide. Judge Hannon vividly tells of the big fistic event which at that time created quite an excitement.

Mr. Sidney Coryn of San Francisco will give another of his famous war lecturps at the Baptist church next week, Friday, February 15th. His particular topis will be "The War in the East". It is probable that Mr. Coryn has no equal in his knowledge of the movements of the armies in Europe and his interpretation of the war issues in this country. Franklin Hichborn, who has known him intimately for many years speaks of him as "a wonderful man", especially in his knowledge of world events. Although he oftens receives as much as $300 for one of his lectures, yet this lecture next week will be free. A silver offering, however, will be taken. The public is cordially invited to be present to get the good of the lecture. The lecture will begin at 8 o'clock.

The coroner's jury impanelled by Coroner W. A. Crowell, to ascertain and investigate the death of Robert E. Kendall, who was injured at the gas plant on Washington street on Tuesday, brought in a verdict Thursday afternoon to the effect that deceased was accidentally caught between an auto truck and a gasoline roller and had his skull crushed from which injuries he died and that the acident was entirely unavoidable. Kendall had been employed at the plant for some time. He was a native of England, aged 41 years. After the acident Kendall was removed to the Redwood City hospital where he died Wednesday evening. The body was shipped on Thursday to San Francisco. The deceased is survived by a wife.

From the New York Financier's 1917 Roll of Honor Edition

"A roll of honor bank is one possessing surplus and profits in excess of capital, thus giving tangible evidence of strength and security. Out of 7656 national banks in the United States, only 2008 occupy this proud position.

A place on the roll of honor, is like a man's character, —it is something money cannot buy but is won by merit and worth alone".

We are in this class and are No. 1 in the entire territory between San Francisco and Los Angeles, No. 3 in the State of California and No. 309 in the United States. Oldest and strongest bank in the county.
